Review of WhatsApp thread 8-4-22 re Ysenni Gomez

Hi, good morning, on what page did you upload my pictures which a friend just told me about

I thought it was going to be discreet

The friend who does the announcements for me uploaded various photos

[redaction]

I told her to put this one on

I'm going to call her

I only sent the real one to those who are customers

I apologize

The thing is, my friend called me and I told him no

That's weird

I'm going to verify

Ok I apologize

Sorry love

No worries

This woman is hot

Lol lol lol

The picture looks great, right?

I really like her a lot

[audio message]

I got it now

Ha ha ha ha

Ha ha no, I misread that

[audio message]

I apologize for the confusion

I misread it

We'll see more later, I apologize again

People see I have the face of a model

[photo redaction, see caption]

Fun happy pussy, passionate 69, French kisses, 7186075806

[web page screenshot]

[redaction]

[audio message]

Look what happened to me

If you're around

I'm gonna call

I'm gonna call [you/her]

That can be removed [?]

Of course, she changes the photos daily

I don't know why she posted that one

I only use that one if someone is already a customer

Yeah love I know

Because obviously they ask for the real thing, so when you show up they don't tell me it wasn't you

That's right

But I didn't know they posted it like that on a page, and my friend saw it and said you should model bikinis

Damn [?] and they put "fun happy pussy"

The pictures have been up two days

I saw that

Two days

Today is the 4th

That post can be removed

I imagine everything is erased

I'm on the phone with her now

It was a confusion of the images that go on the page and the ones that go to customers

Because I've only been working with you a few days, before leaving I was working on something else, in other words, I don't know how this mistake happened

But can it be erased

She already erased the images

Ok, damn, she put happy pussy

[emoji]

But my picture won't be on any page, that is the only one, or was it on several [?]

What a shame [or how embarrassing]

I am going to work discreetly

If you don't feel comfortable, I understand

I did send the pictures to the customers

I don't know why she put it on the page .. she made a mistake there

I apologize

But if you don't want to work, I understand

The pictures are changed every so often so customers will call

But the real pictures are not used on the pages

Yeah it's ok to the customers, but on the page, no, I do feel comfortable, it has to do with the page, my friend says since when are you a happy pussy

Hey

It's ok to send them to the customers, but not on the page

Not on the page

One must be discreet, it's because of my daughters

Not so much for my husband, but for the girls, that is a delicate matter here

Well if I'm not on the pages any more, I feel safe

And I am trusting you

I am a very discreet person myself

You have noticed that

I don't talk much on the phone

Yeah

Much less so to friends

I don't make a big noise

Yeah I know that

The same with family and so forth

No one needs to know what is going on

Exactly

See you soon, I feel better that I'm not on the page, or a happy pussy, people will think I'm cheap [easy]

I trust you

Ok I will see you later

Ok see you later

I'm on my way to the train

Ok

I'm going to the Bronx, I'll get there around 8:15 pm
